Some sensible advice to women passing through this trying period.

The painful and annoying symptoms experienced by most women at this period of life are easily overby Lydia E. Pinkham's Vegetable Compound. It is especially designed to meet the needs of woman's system at the trying time of change of life.

It is no exaggeration to state that Mrs. Pinkham has over 5000 letters like the following proving the great value of her medicine at such times.
"I wish to thank Mrs. Pinkham for what her medicine has done for me. My trouble was change of life. Four years ago my health began to fail, my head began to grow dizzy, my eyes pained me, and at times it seemed as if my back would fail me, had terrible pains across the kidneys. Hot flashes were very frequent and trying A friend advised me to try Lydia E. Pinkham's Vegetable Compound. I have taken six bottles of it and am to-day free from those troubles. I cannot speak in high enough terms of the medicine. I recommend it to all and wish every suffering woman would give it a trial."—Bella Ross, 88 Mont-clair Ave., Roslindale, Mass.—\$5000 for-feit if original of above letter proving genuineness cannot be produced.

Summer Tourists' Low Rates. Western lines are now announcing special low rates to Colorado points for the summer a nonths. This presents a fine opportunity for visiting a picturesque and interesting section of the United States. The trip will afford a realization of the wonderful progress of the West in its commercial development and particularly in its railway review.

It was no longer ago than in the strennous days of '61 that Colorado was first made a territory and its capital city named for Gen. J. W. Denver, a Kansas Governor. It was not until 1870 that the first Chicago, Union Pacific & North-Western Line frain entered the city and say years later, in the year of the city, and six, years later, in the year of the Centennial Exposition, that Colorado was admitted to the Union. The Chicago & North-Western Railway

announces a summer tourist rate of \$30.00 for the round trip from Chicago to Colorado points, and similarly low rates from all points, and similarly low rates from all points East.

The Union Pacific and Chicago & North-Western Railways maintain a double daily train service between Chicago and Denver, only one night en route from Chicago and the Central States and two nights from the Atlantic seaboard. The trains are equipped with buffet, smoking and library ears. Pullman drawing-room sleeping cars and free reclining chair cars. Dining cars, meals a la carte. The best of everything.

THE YACHT RELIANCE

Won Second Victory Over Columbia and First Over Constitution.

New York, May 27.-In a gamely ontested race the Reliance again led the way across the finish line, winning her second victory over the Columbia and her first over the Constitution. Two minutes and fifty-one seconds later the Constitution finished. and the crew of the new boat gave her such a cheer as she deserved. The Constitution had sailed a plucky race and had a right to share in the hon ors. From the start to the finish she had fought out every mile over the 30 mile course and on two of its legs had actually outsailed the new boat. The Columbia was, for the day, outclassed.

Greenock, Scotland, May 27 .- The corporation of Greenock gave a farewell banquet to Sir Thomas Lipton. A distinguished company was present and much enthusiasm was manifested. He believed that if he brought back the cup he would bring with it the friendship of the American people.

A man in clerical garb was handing out cards to the home going crowd at the entrance to the Brooklyn bridge one evening recently. It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between \$400,000,000 and \$500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure percapita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

America is the land of nervous women. The great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused directly by catarrh. These women despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is eatarrh which is the source
